PURPOSE OF THIS GUIDE

Before providing personal financial advice, Strategy First (Strategy First Financial Planning Pty Ltd), must provide you with a Financial Services Guide (FSG). The purpose of the FSG is to convey important information about the following:

- The services we offer
- The financial products we can recommend
- Our advice process
- How we are paid
- Any conflicts of interest, and
- Our complaints resolution procedures

You should retain this document and any updated versions provided by Strategy First.

DOCUMENTS YOU WILL RECEIVE

1. To provide you with financial advice, we must first gather all relevant information, which involves you completing a **Client Questionnaire**.
2. Prior to commencement of any services, we will provide you with a **Letter of Engagement to sign**, which establishes the level of service and the agreed fee.
3. We then go ahead and develop your written **Statement of Advice (SOA)**. This document will enable you to make an informed decision on whether to act on the advice we have provided.
4. Should you retain our services on an ongoing basis, we will provide you the associated advice in the form of either an **additional Statement of Advice** or a **Record of Advice (ROA)**, which relies on the information provided in the previous SOA.
You may request a copy of any SOA or ROA provided to you for up to 7 years after the date it was provided. You can request a copy by contacting us.
5. If we recommend a financial product, we will provide a document called a **Product Disclosure Statement (PDS)**. It contains additional information about the financial product, such as how it works, the risks and the fees.

You should not act on any advice until you have received, read and understood these documents.

We will help you understand these documents as part of the advice process.

WHAT CAN I EXPECT?

When you join Strategy First, there are a series of steps. This includes the three stages of our advice process: strategy development, implementation and ongoing review.

The full client experience below ensures we gain a sound understanding of your current position, your objectives and what advice is most appropriate.

1. Initial Meeting

We will use this time to discuss your needs and to determine if we can be of assistance and how.

We will also answer any questions you may have regarding this FSG, the services we provide, the client process and our fees.

2. Gather Information

The Client Questionnaire and all associated documents allows us to better understand your current situation, objectives, personal profile, experience with investing and other financial matters.

3. Prepare Statement of Advice

We will consider your options for wealth creation, taxation, debt management, personal risk management, superannuation, estate planning and social security. After this analysis, we will provide a written recommendation, which we refer to as a Statement of Advice (SOA).

4. Meeting to Review Statement of Advice

This meeting(s) will make sure you understand the recommendations provided, the associated risks, the benefits and the costs to implement.

5. Implement Agreed Recommendations

We will implement as per the Statement of Advice after you understand the recommendations and have provided Strategy First with a signed 'Authority To Proceed'.

6. Review Services

We periodically review your current situation, your objectives, market conditions, changes to legislation and the appropriateness of previous recommendations.

WHAT CAN I EXPECT TO PAY?

Strategy First Financial Planning charges on a “**Fee for Service**” basis, which means you pay a set fee based on:

- Time
- Level of expertise needed
- Complexity

Our fees are transparent and agreed by you up front.

We rebate all commissions and brokerages from product providers or financial institutions. We **do not** receive any volume rebates, incentive or bonuses.

Strategy First breaks the strategic planning process and the associated fees into **4 separate stages**.

At your initial meeting, your adviser will confirm which fees will apply based on your specific situation.

Stage 1 - Strategic Advice

We charge an agreed fee to provide our recommendations in a Strategic Statement of Advice, which may include:

- Cash Management and Budgeting
- Debt Management
- Financial Structuring and Tax Planning
- Wealth Accumulation
- Superannuation
- Personal Risk Planning
- Estate Planning
- Retirement Planning and Superannuation

The following table gives an estimate of fees you will pay, depending on the complexity of the advice provided.

Type of SOA	Estimated Fee (incl. GST)
Basic	\$1,650 - \$3,300
Standard	\$3,300 - \$6,600
Complex	\$6,600 - \$11,000

You will receive an estimate of the cost before work commences in a Letter of Engagement.

As part of our Pricing Policy and as our commitment to genuine “Fee for Service” advice, Strategy First will rebate 100% of any product commissions received.

Stage 2 - Investment Recommendation

After or in place of the Strategic SOA, we may be required to make a recommendation regarding the investment of monies.

This requires an additional Statement of Advice and the cost will vary pending the complexity of your situation, such as existing investments, capital gains tax calculations or existence of multiple portfolios.

Fees range from **\$1,650 to \$4,400**.

No entry fees, up front commissions or percentage based on the size of assets is charged.

Stage 3 - Implementation

For the actual administration of your Investments, Insurance, Superannuation and Estate Planning needs, we charge on a time and materials basis. All commissions are rebated.

Stage 4 - Ongoing Services and Fees

For ongoing advisory and money management services, we charge an annual retainer. As with all other work, the fee level varies depending on the time involved, the complexity of and the risks associated with your portfolio(s).
